Email Address

Before bringing your new kitten home, we have an adoption contract to be agreed upon and signed. The contract describes the rights and responsibilities of both the breeder and the new owner.

1. There is a \$500.00 non-refundable deposit required to reserve your kitten.
2. The Breeder agrees to release the kitten designated above to the adopter for a \_\_\_\_\_ adoption fee.
3. The above-described kitten has had been given age appropriate vaccination(s) and first preventative de-worming(s), by our Veterinarian which have been documented in the health record book provided to the adopter. The adopter agrees to provide any/all remaining vaccination and preventive de-worming as appropriate and yearly maintenance for annual health exams and routine vaccinations from a licensed veterinarian
4. The adopter agrees that the above described kitten is being adopted solely as a **pet** for themselves and/or their immediate family. And are in agreement not to sell, giveaway or otherwise dispose of to any persons, breeder, auction or any other entity for any reason without written consent from the breeder. And will contact the breeder if they are unable to provide a healthy and caring environment.
5. The adopter accepts the responsibility of caring for the above described kitten and will provide properly for its welfare in a responsible and humane manner. The adopter agrees to keep the kitten indoors in a clean and pleasant environment, agrees to provide proper nutrition; food and water, daily, veterinarian health care and kind companionship.
6. The adopter is responsible to have the kitten micro-chipped or tattoo to ensure safe return if lost.
7. The kitten will be available at approximately 10-12 weeks of age, with a spay/neuter contract. If the breeder is to spay/neuter the kitten, the kitten will then be available at approximately 17 weeks.

### What is a Health Guarantee?

First of all, the term "health guarantee" isn't quite proper. Nobody can guarantee that anything living won't get sick, whether cats, dogs or even humans. So think of it as a health warrantee.

Our health warrantee consists of two parts:

**Part 1** protects you from receiving a sick kitten.

Our veterinarian has completed a health check on your new kitten. You must have your kitten examined by your licensed veterinarian within **five business** days of leaving our care. If your veterinarian determines the kitten is ill; please contact us immediately.

A few important details:

First, we will require an original written statement from your veterinarian.

Second, we will not reimburse veterinarian fees.

**Part 2** protects you over the long term for genetic defects and congenital disease.

If your kitten is diagnosed with a life threatening genetic defect or congenital disease before one year of age, the kitten may be returned and a replacement kitten or refund will be provided at the breeders' discretion.

In signing this document, the adopter acknowledges that he/she has read, fully understands, and agrees to all of the terms, conditions and recommendations of the above adoption
